

HANDS OFF FINCHLEY CENTRAL!

Finchley is under threat! The place we know and love will become unrecognisable unless we object.

TfL plan building **700 units jammed into high-rise blocks** crowded on & around Finchley Central Station. Objectors have pushed TfL into removing 'a few storeys' from the 27 storey tower but the remaining scheme is a blight. **This will fail to meet local needs** and will not provide the sustainable, decent, quality homes that Londoners so badly need.

PLEASE OBJECT!

The planning application is imminent

COME TO A PUBLIC MEETING
